

OLAR GEGA EX-TEC 80W90 GL-5

Product Description

OLAR GEGA EX-TEC 80W90 GL-5 is a multigrade automotive gearbox lubricant which consist of high-quality base oils and an advanced additive technology. It has a high viscosity index. It protects the system against wear and oxidation. It prevents corrosion and foam. When the system is subject to high pressure, it continues to protect gearbox system with the same performance due to the extreme pressure additives.

Applications

- It is used in the transmission and differential systems of modern passenger cars, heavy duty industrial equipment and vehicles
- Provide an excellent extreme pressure performance
- With anti-wear and anti-friction additives provide a broad range of use in highly loaded gear systems

Typical Specifications

Meets the following specifications		80W90
API GL5		X
Typical Properties		
Test Parameters	ASTM Method	
Viscosity at 100° C, cSt	D 445	14.5-18.5
Viscosity Index	D 2270	101
Flash Point, °C	D 92	210
Pour Point, °C	D 97	-27
Density at 15°C, Kg/l	D 1298	0.894
